

Mr Stanton

I have four sons who all went to Earls Hall School and was keen to be involved when a parent governor vacancy came up. I soon became Chair of the Junior school governors and was part of the team working through amalgamation.

I run a development and hosting company and am a charity trust of Earls Hall Baptist Church. I have experience in finance, company and charity law, running a business and use all this in my work with the governing body.

I'm thrilled with how the school has developed.

Mrs Eshmade

I feel like I bring an Educational background with its associated skills to the Governing body at Earls Hall Primary school. I have an interest in the Curriculum, pupil progress and attainment.

I spent 30 years in the teaching profession in local schools, for the last ten years I was a Headteacher at a Primary School. Since Retirement 4 years ago, I have been teaching part time and working training teachers at a local Primary SCITT.

I live in Maldon with my husband and 2 dogs. I have 7 grandchildren and enjoy family gatherings, my grandchildren and holidays abroad visiting sights to tick off my bucket list.

Mrs Anderson (Clare)

Becoming a parent governor of the school in which, my 3 children attend and one that I'm a huge advocate for is a role I take with complete pride.

I am committed to ensuring every pupil has access to every opportunity available to them and seek to work closely with all the team to maintain a high level of achievement, challenge and celebration.

After a long career in the travel industry, I now hold a professional chartership in HR and demonstrate excellent adaptability, supportiveness, development and mentoring skills.

As a family we have a passion for the outdoors, from allotments to cycling, running, paddle boarding, kayaking, camping and adventures.

Marie Cummins

I have worked in healthcare for the last 30 years and the value of making sure that children are given the right building blocks to start out in life has always been very important to me. These values I see at Earls Hall Primary School.

My experience during COVID19, with my own job and that of the education system made me appreciate the importance of a good education for all; I also have a daughter who is at a primary school and knowing that she has the right building blocks is the most important job I have.

Earls Hall has an excellent standing in the local community and I felt now was a perfect time to use my skills and experience to step into a school governor's role; allowing me to support our community, but also support the next generation of children to have the opportunity to a strong education base and importantly a happy time during their school years at Earls Hall.

Mr Martin

I have worked in Key Stage Two at Earls Hall since 2014 and live locally in Westcliff. This is my second career, the other being in a paper then printing industry where I worked for 23 years, part of a multi-million pound business.

I have three children; all were pupils at Earls Hall between 1996 and 2006. I have been a parent governor at my children's secondary school so I have a good understanding how things work.

I enjoy my job thoroughly; thrive on the challenges that come as being teacher and love being surrounded by the friendly and professional ethos that represents Earls Hall teaching team. I give my job 100% and aim every day to deliver a high quality education to each and every child in my care.

Mr Spence

I have recently retired, having had 38 years experience of teaching in the primary sector. I was Deputy Head of Earls Hall Junior School for 4 years, and spent the last 26 years as Head Teacher of different Junior Schools in the local area, as well as acting as an advisory Head Teacher to the Local Authority for a year.

I have three grown up children who all attended Earls Hall School. I still live in the catchment area of the school and now very much enjoy being a member of the governing body, and using my experience to support the school in offering a first class start to your child's education.

Mr Badcock

As Headteacher of Earls Hall Primary School, I have the privilege of working with the rest of the governing body to improve our school. I enjoy being held to account by the rest of the governors and love the way that, together, we ensure that our school continues to improve.

I work with our governors as individuals on specific elements of the school improvement plan, as part of various committees and as a whole group and I find this a really enjoyable way to work.

I am proud of how our governors have such a high profile in school.
